

## Pole Mount Double Arm

Twin Arm Pole Mount for LCD Monitors or All-In-One units having VESA 75 or 100 mounting patterns to any pole from 30~60mm diameter (1.18" ~ 2.36"). It is perfect for stage or exhibition use, as it is compatible with virtually any speaker stand or truss system. It is also great when installing monitors in public areas, retail stores, museum exhibits and similar locations. Fits any 30 ~ 60mm diameter pole including 35mm PA speaker stands and 50mm standard truss.

- Supports up to 22 lbs.
- Can be mounted on horizontal or vertical pole
- Meets VESA 75/100mm standard
- Allows monitor to be tilted, swiveled or rotated
- Twin arm allows for greater movement
- Cable management clips
- Maximum arm reach: 17.25"
- Black color
